FOR IMMEDIATE RELEASE

"Social Media 360" Event Promotes Positive Online Engagement and Empowers Teenagers to be Healthy Social Media Influencers

Palos Verdes, CA - June 1, 2023 - Social Media Wellness for Teens, a nonprofit organization founded by teen entrepreneur Jay Bynum, is proud to present "Social Media 360: Embrace the Future of Connection." This groundbreaking event, organized by Jay and her team, aims to empower teenagers and promote positive online experiences.

"Social Media 360: Embrace the Future of Connection" will take place on Saturday, June 3, 2023, at 12:00pm at a private residence in Palos Verdes, CA.

The event offers an immersive experience that explores the positive aspects of social media while equipping attendees with the knowledge and tools to cultivate a healthy relationship with digital platforms. Through engaging sessions and interactive activities, participants will have the opportunity to learn about the benefits of social media, develop a positive self-image, understand the science behind online engagement, and discover how to use their influence for good.

"Social Media 360: Embrace the Future of Connection" will feature expert speakers, personal teen testimonies, shared tips and tricks, music, games, and some fashion fun. It is designed to provide a safe and inclusive space for teenagers to engage in meaningful discussions, gain valuable insights, and become responsible digital citizens.

Jay Bynum, a sophomore at Palos Verdes High School, founded Social Media Wellness for Teens with the vision of promoting positive online experiences among teenagers. Jay's passion for empowering their peers and fostering a healthy social media environment has been instrumental in organizing this event.

To RSVP and receive more information about "Social Media 360: Embrace the Future of Connection," please RSVP on the website at www.socialmediawellness.org. The event's address will be shared upon confirmation of attendance.
